‘Classic American’ magazine*

Kyle Esplin and his New Rock ‘n’ Roll band take you on a high speed musical ride, ripping through early nostalgic rock ‘n’ rollers with an intensity that would make even the boldest of Steinways want to lock themselves away for their own safety.

From the piano bars of New Orleans, through the highs and lows of Showbusiness, a riotous ride of late night Rock ‘n’ Roll, this album is one to seriously Shake the nerves and Rattle the brain. Recorded in Haldern, Germany and produced by multi-gold record producer Rolf Bresser, Kyle and the band deliver a sensational performance of Blues, Boogie-Woogie and Rock ‘n’ Roll with an unprecedented blend of intricacy, speed & intensity.

Scottish born, Kyle Esplin is joined by Mallorcan blues veterans, Balta Bordoy (guitar) and Jose-Luis Garcia (drums), along with Pablo di Salvo (bass guitar) from Argentina. The band was formed in Palma de Mallorca’s legendary ‘Bluesville’ music club, well known for being the ‘late night all night’ venue frequented by local and international musicians alike.

Kyle has performed around Europe, the U.S.A, and as a headline entertainer onboard luxury cruise-liners for 11 companies. He’s been featured on the front cover of the UK’s ‘Keyboard Player’ magazine, and the ‘Memphis Commercial Appeal’ newspaper described Kyle as “coming across like a grandson of Jerry Lee Lewis...the way he sends ‘Folsom Prison Blues’ jumping over the train tracks says he’s no mere revivalist.”

Taking Rock ‘n’ Roll to a whole new level, the new album ‘K’ will be available 1st May 2014 via iTunes, Amazon and [www.KyleEsplin.com](http://www.KyleEsplin.com)
